Friday

sunny windy cloudy rainy hot cold dull

Various answers, for example:

On Friday, the weather was much cloudier and rainier than  
on Monday. I got soaked when I went outside. It was  
windier and duller too and my umbrella was blown inside  
out. I liked it on Monday when the weather was hotter and  
sunnier. I played outside on Monday, but on Friday it was  
a lot colder.
