

Recognising Direct Speech

Hannah and Dominic have met after not seeing each other for four years. Below is the conversation they had.

Read the conversation and then complete the table to show each set of direct speech used by the two different characters. Write the reporting words used for each part in the additional box below.

“I can’t believe how long it has been!” squealed

Hannah as Dominic stepped through the door.

“I know! I’ve really missed you!” replied Dominic grinning from ear to ear. “Come in and sit down,” he continued.

They sat down together and got comfortable on the sofa.

“How have you been?” asked Hannah excitedly.

“Fantastic! We’ve just got back from our holiday in Cornwall and it was amazing,” answered Dominic.

“No way!” Hannah exclaimed. “We were there too last week. We went surfing every day!”

Dominic looked disappointed. “Ah, we could have met there,” he sighed.

“At least I’ve seen you now!” Hannah chirped.
