VF

6. Lucy has rewritten the sentence below, each time using a different adverbial to show time, place, manner and frequency.

We were swimming.

We were swimming in the sea. (place)

We were swimming every week. (time)

We were swimming with caution. (manner)

We were swimming last night. (frequency)

What mistake has Lucy made?

R

## What is an Adverbial?

1. A. with excitement; B. as tightly as she could; C. with fear in her eyes.
2. A, C and D.
3. A. Helen added her red jumper to the washing machine with white clothing by mistake.  
B. The farmer milked his cows every evening.  
C. Our cat liked to go to sleep on my brother's bed.  
D. I jog three times a week.
4. Ben is correct because he has used an adverbial of time. However, he has also used an adverbial of place to show where they played.
5. Various answers, for example:  
The sun is setting in the distance.  
My dad was glowing with pride when I received my exam results.  
The bell rang within seconds of me finishing my last sentence.  
Joey ran at great speed.
6. Lucy has confused an adverbial of time with an adverbial of frequency. 'Every week' is an adverbial of frequency because it tells us how often the person goes swimming. 'Last night' is an adverbial of time because it tells us when that particular event happened.
