Today was the day Class 5 were visiting the local park as part of their class reward. They were all very excited! Josh loved playing on the swings and wanted to try and swing higher than any other child in the class. Eric wanted to play with the football but sometimes found it impossible because it kept rolling down the hill away from him. Louise, John and Kirsty were happily chasing each other around the playground. It was so nice to have lots of space to run around in. Skipping was Elisha's favourite thing to do – she was unable to practice at home as her rope had broken so she welcomed the chance to use it. Elliot was having lots of fun using the brand-new skateboard. He screeched loudly as he climbed aboard and set off down the hill. He just hoped he would be able to stop at the bottom! Frankie and Ellis were playing quietly on their own. Frankie loved drawing and had decided to use the chinks to draw her best friend Alice. Ellis was sat happily rocking on his yellow duck.
